Education

Asia Pacific University (APU) — Kuala Lumpur, Malaysia
B.Sc. (Hons) in Computer Science — *Mar 2025 – Present*
- **CGPA: 3.47 / 4.00** — Relevant Coursework: Data Structures & Algorithms, Database Systems, Operating Systems, Computer Networks, Mathematical Foundations of CS, Software Engineering

Milestone College — Dhaka, Bangladesh
Higher Secondary Certificate (HSC), Science — *Sep 2022 – Sep 2024*
- GPA: **5.00 / 5.00** (Perfect Score) — SSC GPA: **5.00 / 5.00** (2022)

Technical Skills

Languages: Python, Java, C, JavaScript, SQL, HTML/CSS, R, NASM (x86 Assembly), Bash

Frameworks & Libraries: Django, Flutter, Streamlit, pdfplumber, pymupdf, pytesseract, Pillow

Tools & Platforms: Git, GitHub, Linux (Ubuntu), VirtualBox, VS Code, PyCharm, Microsoft SQL Server, RStudio, Cisco Networking, SAP ERP

Concepts: OOP, REST APIs, Relational DB Design & ERD, Network Administration, Agile Collaboration, Technical Documentation

Experience

Network Assistant — Mar 2026 – May 2026
Asia Pacific University of Technology and Innovation (APU / APIIT) — *Kuala Lumpur, Malaysia — Part-time, On-site*
- Monitored and maintained campus-wide network infrastructure, supporting uptime and fault resolution for 10,000+ users.
- Applied Cisco networking knowledge to assist in diagnosing connectivity issues and configuring network equipment.
- Documented incidents and escalation procedures following NOC standard operating practices.

Research Assistant Intern — Oct 2024 – Feb 2025
Prime Corporation Ltd. — *Dhaka, Bangladesh — Internship, On-site*
- Contributed to data-driven research projects and an ongoing web application, improving analytical workflow efficiency.
- Conducted systematic literature reviews, led data collection and analysis pipelines, and authored technical documentation.
- Collaborated with senior researchers on experimental design and findings presentation, honing scientific communication skills.

Projects

Bangladesh Prize Bond Checker | *Python, Streamlit, pdfplumber, pymupdf, pytesseract, Pillow* — GitHub | Mar 2026
- Built and deployed a full-stack web app automating prize bond verification against official Bangladesh government PDFs.
- Engineered flexible input modes (manual, bulk upload, numeric range) and OCR-based PDF parsing for robust data extraction.
- Implemented matching logic with accurate result classification, reducing manual verification time to zero.

PyShop — E-Commerce Platform | *Python, Django, HTML/CSS, JavaScript* — GitHub | May 2025
- Developed a product listing, cart management, and checkout web app using the Django MVT framework.
- Built a role-based admin dashboard with full CRUD capability for dynamic inventory and product management.

SQL Ticketing Management System | *SQL, Microsoft SQL Server, ERD Design* — Apr – Jun 2025
- Designed a fully normalised relational schema and ERD for a company-wide ticketing system, ensuring referential integrity.

Shape Generation System | *NASM x86 Assembly, Linux Ubuntu* | *Team Lead* — Sep – Nov 2025
- Led a team to build a low-level shape rendering engine in NASM Assembly on Linux; integrated all modules and managed delivery.

Leadership & Volunteering

Vice President May 2025 – Present
APU Competitive Programming Club *APU, Malaysia*
- Drive strategic planning and event coordination for national/international contests; mentor **50+ members**.
- Facilitate weekly algorithm sessions, fostering competitive problem-solving across the university.

Peer Leader — Adapted Classwide Peer Tutoring Aug 2025 – Nov 2025
Mathematical Foundations of Computer Science, APU *Malaysia*
- Handpicked by faculty for top performance; tutored peers on discrete mathematics, formal proofs, and CS foundations.

Committee Member, Research & Education May 2025 – Present
APU Fintech Young Leaders Society (FYLeaderS) *APU, Malaysia*
- Organise educational workshops and research content to promote fintech literacy and data-driven thinking among students.

Certifications

Red Hat Certified System Administrator (RHCSA) — RH124 System Administration I, Ver. 10 | *Red Hat*

Red Hat System Administration II — RH134, Ver. 10 | *Red Hat*
